Nursery location: 400 metres along Mangakahia Rd.on RHS, Maungatapere, Northland (see website for map)

Species	pot size		price ea. 500+	50+	5+	price ea.
<i>Acaena anserinifolia</i> groundcover, stoloniferous and prostrate hardy,sull sun or shade, fast growing, good for weed suppression or to stop erosion Medicinal tea. Well known tonic and remedy for rheumatism, kidney troubles	<i>piripiri, hutiwai</i>	<i>bidibid</i>				
	8cm round			\$2.75	\$3.24	\$3.60
<i>Ackama rosaefolia</i> Soft foliated attractive shrub or small tree of forest edges or roadsides, unique to Northland. Pink undersides to leaves, masses of cream flowers in spring, superb in cultivation. tolerates hard clay. Tolerates too wet or too dry, gets to 4 m in 10 years if grown in open, forms a tree if sheltered.	<i>makamaka</i>	<i>makamaka</i>				Northland native
	5cm sq.tube			\$2.50	\$2.75	\$3.00
	7 cm sq. tube				\$2.75	\$3.00
	1 litre pot					\$6.00
<i>Agathis australis</i> Awesome giant forest tree of Northern NZ, good small specimen for at least 30 years Excellent timber, icon of Northland forests, handles it wet or dry, also makes great house plant Keep moist until established then very hardy, 600mm/year growth in right conditions. Likes warmth.	<i>Kauri</i>	<i>Kauri</i>				Northland native
	PB 3 (1.8 litre)			\$15.00	\$17.00	\$20.00
<i>Alectryon excelsus</i> Graceful medium sized specimen tree, popular garden or street tree,eyecatching exquisite fruit shiny black seed surrounded by bright red flesh attracts many birds, hardy, non invasive root system Easy to grow in almost all situations	<i>Titoki</i>	<i>Titoki</i>				Northland native
	1 litre pot			\$6.25	\$6.75	\$7.50
	PB 3 (1.8 litre)				\$8.00	\$9.00
	PB 5 (2.8 litre)			\$9.75	\$9.00	\$10.00
	17 litre easylift bag				\$40.00	\$45.00
	Easilift 45 litre				\$90.00	\$100.00
<i>Apodasmia similis</i> distinct jointed rushes, grey blue leaves shine orange in sun, stems slightly zigzagging, 60cm-1m tall good coastal wind protection, tolerates fresh and salt water, sand dunes, cliffs, well suited to long lasting thatching drought hardy, quite good in containers, plant 600 mm to 900mm apart	<i>oi oi</i>	<i>jointed rush, leptocarpus</i>				Northland native
	5cm sq.tube			\$2.75	\$2.90	\$3.00
	7cm advanced			\$3.50	\$4.00	\$4.50

Species	pot size	price ea. 500+	50+	5+	price ea.
Arthropodium cirratum	<i>Rengarenga</i>	<i>Rengarenga Lily</i>		Northland native	
Clumping low growing lily, abundance of white flowers Nov & Dec.					
Hardy, very good in dry conditions, under trees and in poor soil, likes full sun or shade.					
Does esp. well under totaras, also very suitable for pots, main pest is slugs/snails, also frost tender.					
	5cm sq.tube		\$2.20	\$2.85	\$3.25
Astelia banksii	<i>Wharawhara</i>	<i>Coastal Silver Astelia</i>		Northland native	
Flax-like silvery bush, .6 - 1m high, stunning form and color					
Drought and wind tolerant, tough in a hard situation, dislikes frost.					
very suitable for container growing or coastal situations, plant at 750mm spacing					
	5cm sq.tube				\$3.50
	7 cm sq. tube			\$2.50	\$4.25
Bambusa "Alphonse Karr"		<i>hedging bamboo</i>			
ornamental clumping bamboo 4 to 6 m tall, culms to 20mm diameter, ideal for dense hedge or feature specimen					
Striking golden culms initially blush reddish pink, shed their sheaths revealing a fresh yellow with green stripes					
Hardy to minus 9 degrees C, the ultimate shelter and windbreak, forms dense clump and does not spread					
	PB 12 (6.5 litre)			\$40.00	\$44.00
Bambusa "Golden Goddess"					
A dwarf clumping bamboo rarely exceeds 4m, very dense small canes to 10mm, branching to ground level.					
Excellent container plant or screen, can be hedgetrimmed to any shape.					
Hardy and quick to get to full size, needs water in summer if in container.					
	PB 2 (1.2 litre)			\$25.00	\$27.00
	PB 5 (2.8 litre)			\$32.50	\$37.50
Bambusa albostrata		<i>cream stripe bamboo</i>			
Tight upright clumping bamboo 6 to 8m tall, green stems with white strips,v. attractive					
tidy and good single specimen or ornamental screen					
cold hardy easy to grow					
	20 cm pot			\$38.50	\$42.00
	30 cm hard pot			\$65.00	\$75.00
Bambusa oldhamii					
Farm shelterbelt bamboo, common around Kerikeri. Gets to 17m eventually.					
Very good wind break, privacy screen, edible shoots, clumping (does not spread).					
Easy to grow, likes lots of fertiliser and irrigation, new shoots in autumn.					
	PB 3 (1.8 litre)		\$22.00	\$24.00	\$27.00
Bambusa tulda					
Clumping bamboo 12m to 15m tall, culm diameter up to 8cm					
Very thick walled culms almost solid at base					
Extremely strong timber, used for reinforcing rods, one of the most useful bamboos					
	PB 6.5 (3.6 litre)			\$40.00	\$45.00
	PB 28 (15 litre)				\$68.00
Bambusa tuldoides		<i>Punting Pole Bamboo</i>			
A clumping bamboo, height 6-8m, dia 50mm.					
Thick walled culms have a long length between internodes, fast grower, frost resistant.					
Suit hedge or shelter, ideal for reinforcing rods or large fishing poles.					
	PB 12 (6.5 litre)			\$40.00	\$45.00
	Easilift 25 litre				\$85.00

Species	pot size		price ea. 500+	50+	5+	price ea.
Beilschmiedia taraire	<i>Taraire</i>	<i>Taraire</i>				Northland native
Large leaved forest tree, widespread in northern NZ, handsome specimen, grows to 15m +. Large fleshy berry, a favourite pigeon food, interesting easily worked wood. Likes a sheltered situation when young.						
		9cm tall (900ml)			\$6.00	\$6.50
		PB 3 (1.8 litre)			\$8.50	\$9.00
Carex buechananii		<i>red sedge</i>				
reddish brown tufted upright grass, 50-60 cm tall, good in a pot, excellent in garden, colour & stiff upright habit associates well with architecture hardy plant that can tolerate exposure and poor soils, plant at 0.5m spacings						
		7 cm sq. tube			\$2.35	\$2.50 \$3.00
Carex comans bronze						
Low growing tufted grass with fine foliage and broze colour Soft texture Prefers dry and full sun, will grow in shade						
		5cm sq.tube			\$2.00	\$2.25 \$2.50
		1 litre pot			\$4.25	\$5.00
Carex dissita						
Dark green native grass with broad leaves often found in damp shady forest. 30 to 40 cm tall. Seeds for birds, good groundcover. Tolerates full sun and dry conditions once established.						
		7 cm sq. tube			\$2.35	\$2.50 \$3.00
Carex secta	<i>Purei, Pukio</i>	<i>Wetland Grass Tree</i>				Northland native
graceful grass, 1 m high, forms a trunk eventually, hardy to wet or dry, ex. for feeding waterfowl. Superb on edge of water, along with flax this is the best native plant to put in poorly drained ground. The most handsome green grass for any location., plant at 750 to 900mm apart, tolerates dry shade						
		40 cell tray	\$1.76	\$1.85	\$2.00	\$2.50
		5cm sq.tube	\$1.90	\$2.00	\$2.25	\$2.50
Carex testacea		<i>Coastal Orange Sedge</i>				Northland native
Densely tufted grass with orange tips, 40-50cm tall, especially nice when young. NZ's most popular grass because of its wonderful evening glow, looks good en masse, also good bird food. Tolerates dry site, prefers full sun, the harder the site the longer it will stay looking fresh and young						
		7 cm sq. tube			\$2.40	\$2.70 \$3.00
		half litre pot			\$4.50	\$5.00
Carex virgata		<i>Wetland Grass</i>				Northland native
Green, densely tufted wetland sedge, similar to secta but without a trunk Tolerates poor drainage and also dry conditions, attracts birds with food and nesting sites. 750mm high, flowing graceful leaves, plant 750mm to 900mm apart, good on soakge field						
		40 cell tray	\$1.43	\$1.50	\$1.75	\$2.00
		8cm sq. tub			\$2.90	\$3.24 \$3.60
Carpodetus serratus	<i>putaputaweta</i>	<i>marble leaf</i>				Northland native
small tree of forest margins producing aromatic white star-like flowers in summer attractively patterned leaves, excellent for attracting birds and bees. prefers a sheltered moist site, not drought hardy until established						
		5cm sq.tube			\$2.40	\$2.75 \$3.00
		7 cm sq. tube			\$2.50	\$3.00 \$3.50
		PB 3 (1.8 litre)			\$8.00	\$8.50 \$9.00

Species	pot size	price ea.	500+	50+	5+	price ea.
Cedrus deodara		<i>deodar cedar</i>				
Fast-growing tree that has one main trunk that grows straight England, it grows to approximately 30 m, and on the continent no higher than 20 m. In the Himalayas, its natural habitat,						
	PB 8 (4.5 litre)				\$22.00	\$24.00
Coprosma acerosa "hawera"	<i>tarakupenga</i>	<i>groundcover</i>				
shrub, prostrate or sprawling, covers ground like a dense smooth carpet drought hardy groundcover, tiny flowers are followed by pale fruit which mature during early autumn. tough plant that tolerates very hard conditions, can mound up on itself to 1 metre high						
	8cm round				\$3.35	\$3.60
Coprosma kirkii		<i>Coprosma Groundcover</i>				Northland native
Dense, squat shrub, glossy bright green leaves, vigorous grower. Useful groundcover for erosion control, clay banks and open borders, or fill ins between garden shrubs. Sprawls over banks or rock walls, fast grower, attracts birds, mounds up on itself to 1m high eventual.						
	8cm round				\$3.25	\$350.00
Coprosma propinqua		<i>Mingimingi</i>				Northland native
Small leaved shrub found throughout nz along forest margins. Often found along the edges of less modified bogs, streams and swamps, tolerates moist soils. Flowers occur during early summer - white or blue drupes mature march/may, Excellent for birds.						
	7 cm sq. tube				\$2.75	\$3.25
Coprosma prostrata		<i>groundcover coprosma</i>				
Densely matted low bush. Drought hardy, low maintenance, tough reliable grower sprawls over hard clay banks or rock walls						
	half litre pot				\$3.75	\$4.00
Coprosma repens		<i>Taupata</i>	<i>Mirror Plant</i>			Northland native
Dense shiny bush, orange berries, coastal, from Marlborough to North Cape. Shiny hedge plant, good for birds. Common fast hedge and coastal shelter, drought hardy.						
	7cm sideslot				\$2.45	\$2.88
	9 cm sq.tube(1/2 ltr)					\$4.00
	PB 3 (1.8 litre)				\$6.50	\$7.00
Coprosma rhamnoides		<i>Red-fruited Karamu</i>				Northland native
Tight small-leaved twiggy shrub with orange tinge. Found all over NZ on forest margins. Drupes appear early nov as small, red berries turning dark crimson. Hardy to full sun, salt and cold. usually short bushy shrubs to 1m, can be encouraged to 1.2m if well sheltered, plant at 1m spacing						
	7 cm sq. tube				\$3.00	\$3.50
Coprosma robusta		<i>Karamu</i>				Northland native
Hardy pioneering bush for birds. Prolific orange/red berries over many months, good for hedge and shelter. Easy to establish very hardy to salt winds and exposure, fast growing reveg plant.						
	7 cm sq. tube				\$1.90	\$2.00
					\$2.25	\$2.50

Species	pot size		price ea. 500+	50+	5+	price ea.
Cordyline australis	<i>Ti kouka, Tii</i>	<i>Cabbage Tree</i>				Northland native
Sword-like leaves, textured trunk, often painted by artists as an icon of NZ's uniqueness. Magnificent flowers have a splendid scent, berries great for birds, grows fast, 1m per year. Thrives on lots of fertiliser, extremely hardy, tolerates extremes of wet or dry, good potplant.						
	5cm sq.tube		\$2.14	\$2.25	\$2.50	\$3.00
	9 cm sq.tube(1/2 ltr)			\$4.75	\$5.00	\$6.00
	1 litre pot			\$6.50	\$7.00	\$7.50
Corokia "Emerald and Jade"	Compact bushy corokia with medium sized bright green leaves very good cultivar for low hedge, easy maintenance gets to 2 m tall if unpruned, naturally bushy but responds well to trimming, likes good drainage					
	7 cm sq. tube					\$4.00
	13cm round			\$6.75	\$7.00	\$7.50
Corokia "Frosted Chocolate"						
	7 cm sq. tube					\$4.00
Corokia "Mangatangi"	Tidy hedge plant with small leaves forms rounded bush or hedge to 2 metres high neat and tidy appearance especially if trimmed once a year, can be kept small easy to grow, best in full sun but tolerates light shade					
	1 litre pot			\$6.00	\$6.50	\$7.00
Corokia cotoneaster	<i>korokio</i>					Northland native
bushy shrub, variable shining green to brown to grey foliage with bright red berries in summer tight growing superb attractive bush, takes regular trimming well but stays compact without it also hardy in droughty country, handles cold, doesn't like very fertile soil						
	1 litre pot					\$7.00
Corynocarpus laevigatus	<i>Karaka</i>	<i>Karaka</i>				Northland native
Forest tree, broad shiny leaves, large orange berries. Hardy, good shade tree, supports lots of pigeons, attractive specimen. Hedge, coastal shelter or feature tree.						
	PB 2 (1.2 litre)				\$6.00	\$6.50
Cyathea medullaris	<i>Mamaku</i>	<i>Black Tree Fern</i>				Northland native
The tallest growing of NZ's tree ferns, black trunk with diamond shape marks. Can handle shade or full sun, fronds spread up to 5m wide, very fast growing. Likes moisture and fertility and shelter, but can grow in open.						
	17 litre easylift bag					\$45.00
Cyperus ustulatus	<i>toetoe upokotangata</i>	<i>giant umbrella sedge</i>				Northland native
Large strong growing sedge with conspicuous dark seed heads, pioneer in wet areas. Favored nesting cover for brown teal, fast growing grass for bird food Prefers damp ground but will grow anywhere, ideal for pond edges and drains.						
	7 cm sq. tube		\$2.23	\$2.35	\$2.50	\$3.00
	rootpruner 256/ tray		\$0.67	\$0.70	\$0.80	\$1.00

Species	pot size		price ea. 500+	50+	5+	price ea.
Dendrocalamnus latifolia	<i>giant bamboo</i>					
Clumping bamboo that gets to over 150mm diameter and 20 metres tall, largest leaf of any bamboo in NZ clump gets to 10 m diameter in 15 years, not spreading, very hardy, fast growing, magnificent specimen easy to grow, attains maximum size with ample moisture and fertiliser						
	PB 12 (6.5 litre)			\$30.63	\$90.00	\$100.00
	17 litre easylift bag					\$125.00
Didymocheton spectabilis	<i>kohekohe</i>	<i>kohekohe</i>				Northland native
Handsome timber and shade tree, large glossy leaves attractive as a juvenile Profuse flowers that stem from the trunk present an unusual sight, very fast growing in warm location Requires deep moist soils, frost tender.						
	PB 3 (1.8 litre)				\$10.00	\$11.70
	PB 6.5 (3.6 litre)				\$10.00	\$12.50
Dodonaea viscosa	<i>akeake</i>					Northland native
Attractive shrub to 3m suits dry sites only and does not appreciate fertiliser Fast growing, very tough heavy wood suits pate (cosh), tools. Hedge, particularly hardy in open situation, satisfactory against the rigors of motorways.						
	7cm sideslot			\$2.00	\$2.20	\$2.50
Dodonaea viscosa purpurea		<i>purple akeake</i>				
Shrub to 2 m, as for akeake green but with purple foliage Colourfull, drought hardy, fast growing Good for hedge.						
	7 cm sq. tube			\$2.00	\$2.20	\$2.50
Elaeocarpus dentatus	<i>hinau</i>	<i>hinau</i>				Northland native
handsome branching, rounded canopy tree, up to 12m with leathery serrate-margined leaves. beautiful flowers occur in profusion from October-January, purple drupe from November to March. sun or semi shade in good deep soil						
	PB 2 (1.2 litre)				\$12.75	\$15.00
Entelea arborescens	<i>whau</i>	<i>NZ cork wood</i>				Northland native
Very fast growing big leafed small tree which exhibits great luxuriance Fastest growing native, good on coast, shades out kikuyu, has prolific white flowers Outstanding garden shrub, tolerant of drought and wind. Reaches 4 to 6 m						
	9 cm sq.tube(1/2 ltr)			\$4.75	\$5.00	\$6.00
	10cm green (900ml)			\$6.25	\$6.75	\$7.50
Ficus 'Tuffy'						
Fast growing hedge plant, with bright emerald green foliage, that darkens with age. Tuffi can be clipped into any shape						
	15cm (1.5 l) round			\$6.25	\$6.75	\$7.50
Fuschia excorticata	<i>kotukutuku</i>	<i>NZ tree fuschia</i>				Northland native
NZ's own representative of the beautiful fuschia genus, forms a tree with reddish brown papery bark Extraordinary flowers have blue pollen, tasty berries for humans and birds, very fast growing Requires moisture to establish well but is able to tolerate drought by going deciduous						
	9 cm sq.tube(1/2 ltr)				\$4.68	\$5.20
Gardenia augusta 'Professor Pucc						
Evergreen shrub that produces exquisite, intensely fragrant, double, white blooms from spring through autumn						
	15cm (1.5 l) round				\$6.50	\$7.50

Species	pot size		price ea. 500+	50+	5+	price ea.
Griselinia littoralis	<i>papaumu</i>	<i>'broadway mint'</i>				Northland native
Glossy leafed handsome bush with thick shining lush green leaves with equally attractive trunk and branches A most accommodating garden subject, stands any amount of pruning, good for birds, durable timber Particularly tolerant of persistent winds, dense and leafy hedge plant						
		10cm orange (1 ltr)			\$6.50	\$7.00
		17 cm (2.5 l) pot		\$12.50	\$13.50	\$15.00
<hr/>						
Griselinia littoralis "Ardmore Em"						
		10cm green (900ml)		\$7.00	\$7.50	\$8.00
		17 cm (2.5 l) pot		\$12.50	\$13.50	\$15.00
<hr/>						
Griselinia lucida	<i>akapuka</i>	<i>shining broad leaf</i>				Northland native
thick leathery handsome glossy big-leafed small tree or shrub, often epiphytic in forest canopy extremely drought hardy, popular pot plant one of the most impressive of our native foliage trees easy to grow in any situation, gets big eventually. wind and salt resistant						
		PB 3 (1.8 litre)		\$9.25	\$9.75	\$11.00
<hr/>						
Gunnera prorepens						
fleshy groundcover, lies flat, found in moist places very attractive upright clusters of red berries prefers wetlands and moist soil						
		8cm round		\$3.25	\$3.50	\$4.00
<hr/>						
Hebe "Wairua Beauty"						
Flowering shub, attractive foliage. Landscaping, hedge or individual specimen. originated at wairua falls, northland						
		7 cm sq. tube			\$2.75	\$3.00
<hr/>						
Hebe stricta	<i>koromiko</i>					Northland native
Flowering bushy shrub long leaves, pale mauve flowers, numerous forms Good landscaping bush, can be trimmed to shape, reaches 2 - 4m eventually. Hardy in most situations, wet or dry, best on poor soils out in full sun and wind						
		7 cm sq. tube	\$2.23	\$2.35	\$2.50	\$3.00
<hr/>						
Hedycarya arborea	<i>porokaiwhiri</i>	<i>pigeonwood</i>				Northland native
small aromatic upright tree with dark shiny foliage, striking bright red to orange berries attract pigeons hardy to full sun or shade, handsome specimen suits quality hedge not a tree for exposed places, prefers deep good soil						
		PB 3 (1.8 litre)		\$8.75	\$9.00	\$9.90
<hr/>						
Hibiscus coelestis		<i>Coelestis Rose Of Sharon</i>				
Single flowers that are violet with a rose base. Typically grows to 2.5 m tall and 2 m wide						
		15cm (1.5 l) round			\$6.00	\$6.50
<hr/>						
Hibiscus trionum	<i>paurangi</i>	<i>bladder hibiscus</i>				
		7 cm sq. tube		\$3.25	\$3.50	\$4.00

Species	pot size	price ea. 500+	50+	5+	price ea.
Hoheria populnea	<i>houhere</i>	<i>lacebark</i>		Northland native	
one of our best known and widely grown hardy beautiful flowering trees smothered in white flowers in late summer to autumn worth a place in any garden, pigeons eat leaves rapid growth as shelter plant, will grow anywhere but prefers good drainage, tolerates hard pruning					
	7cm sideslot	\$2.33	\$2.45	\$3.00	\$3.50
	PB 3 (1.8 litre)			\$5.50	\$6.00
Howea forsteriana		<i>Kentia, Thatch palm</i>			
Supremely elegant luscious looking palm that suits indoor or pot cultivation can take low light (as house plant), or full sun if hardened gradually, from Lord Howe Island suits indoors, pot, or outdoors; always popular as specimen due to hardiness in exposed situations					
	PB 12 (6.5 litre)			\$23.50	\$26.50
Hydrangea Blaumeise		<i>Lacecap Hydrangea</i>			
Large flat flower heads made up of deep cobalt blue florets that surround the tiny central flowers that are in turn a deeper					
	15cm (1.5 l) round			\$6.00	\$6.50
Juncus edgariae	<i>wiwi</i>	<i>giant rush</i>			
stout rush that gets to 2.5 m tall excellent at stabilising wet riparian zones easy to grow especially in moist soil					
	40 cell tray		\$1.85	\$2.00	\$2.50
Juncus pallidus	<i>wi</i>				
2m tall giant rush. Excellent around ponds and waterways					
	50 cell tray		\$1.85	\$2.00	\$2.50
	rootpruner 256/ tray		\$0.45	\$0.54	\$0.60
Knightia excelsa	<i>rewarewa</i>	<i>NZ honeysuckle</i>		Northland native	
Tall tapering distinctive tree from the Protea family, very upright serrated almost woody leaves, Bright blood red flowers in Oct - Nov, superb figured heartwood, admirable as a specimen tree Tolerates clay soils and very dry harsh conditions, also coastal fertile soil too.					
	7cm sideslot		\$2.57	\$3.00	\$3.35
	PB 3 (1.8 litre)			\$8.50	\$9.00
Kunzea species	<i>kanuka</i>	<i>white tea-tree</i>			
Shrub growing into small tree, common throughout nz, very hardy Kanuka is a very variable genus composed of 10 species, at least 3 in Northland These plants are selected as being suitable to the particular requirements of each planting site					
	63 cell forestry ss		\$1.80	\$1.85	\$1.90
	7cm sideslot		\$2.00	\$2.25	\$2.50
Laurelia novae-zelandiae	<i>pukatea</i>	<i>NZ Bay tree</i>		Northland native	
Handsome aromatic tree with shiny black twigs and branches, bright green thick leaves with fresh pleasing appearance Attractive specimen, grows in swamps, capable of growing large Tolerates very poor drainage and flooding for long periods, does not like drying out					
	1 litre pot		\$7.50	\$8.00	\$9.00
	PB 3 (1.8 litre)		\$9.25	\$10.00	\$12.50

Species	pot size		price ea. 500+	50+	5+	price ea.
Leptinella pusilla	<i>soft purple mat</i>					
perennial matting groundcover, fern-like appearance grows well in full sun or shade, makes soft flat mat best with contrasting light colored plants, hardy						
	8cm round			\$2.75	\$3.24	\$3.60
Leptospermum scoparium	colour <i>manuka</i>	<i>coloured manuka</i>				
mixture of coloured flowering manuka, from light pink to red attractive garden or hedge shrub, tends to have more purple foliage than normal tea tree hedge, shelter, doesn't get as big as normal white tea tree						
	63 cell forestry ss			\$2.00	\$2.25	\$2.50
Leptospermum spp.	<i>manuka</i>	<i>tea-tree</i>				Northland native
Very hardy shrub with sharply pointed aromatic leaves, profuse white to pink flowers. Shelter, used in revegetation as pioneer, floral display, first rate medicinal honey and oil, superb firewood. Adaptable to wide changes of environment, tolerate wet, dry, hot or cold wind or salt spray						
	48 cell forestry ss		\$1.77	\$1.50	\$1.65	\$2.00
Libocedrus plumosa	<i>kawaka</i>	<i>kawaka</i>				Northland native
most handsome symmetrical coniferous form, deep green sheen to foliage, very attractive, one of Northland's top ornamental native trees, durable fragrant useful timber, uncommon in the wild Likes a well drained situation anywhere from coast to steep hillsides						
	PB 12 (6.5 litre)					\$17.50
Liquidambar styraciflua	<i>liquid amber</i>					
popular deciduous specimen that gets quite large eventually one of the few trees in Northland to go really red during autumn likes a deep fertile soil but is quite hardy						
	19cm round				\$17.50	\$20.00
Lobelia angulata	<i>panakenake</i>	<i>pratia</i>				Northland native
White flowered creeper with prolific pink berries, and small round leaves. excellent ground cover, tolerates light foot traffic, excludes weeds, used to be called Pratia grows in moist shade or full sun, looks greener in shade and bronze in full sun						
	8cm round			\$3.00	\$3.50	\$4.00
Machaerina sinclairii	<i>pepepe, tuhara</i>	<i>pepepe</i>				Northland native
very handsome bright green flat iris like shining leaves, large leafy clumping plant, 30cm-1.5m graceful & distinctive, attractive in garden, red brown flower heads persistently last for months sun or light shade, effective as a single plant or when several are grouped beside water						
	7 cm sq. tube			\$2.75	\$3.00	\$3.50
Melicope ternata	<i>wharangi</i>	<i>wharangi</i>				Northland native
Attractive bushy round topped shrub, up to 6m tall, lush appearance Elegant aromatic shrub attractive bright green/ yellow shiny leaves arranged in threes Rather tender in colder districts, enjoys windy and coastal locations						
	9 cm sq.tube(1/2 ltr)			\$4.50	\$4.75	\$5.20
Meryta sinclairii	<i>puka</i>	<i>puka</i>				Northland native
Rounded small tree, huge glossy vibrant leaves, black berries are good bird food Admirable in groups or as a single tree especially if planted in a gully and looked down on Will stand wind suprisingly well and makes good coastal shelter, drought hardy						
	1 litre pot				\$6.00	\$6.75

Species	pot size		price ea. 500+	50+	5+	price ea.
Myoporum laetum	<i>ngaio</i>	<i>ngaio</i>				Northland native
Bright green tree with stout spreading branches to 3 metres on exposed site, much larger inland, fast growing, hardy Superb fast growing coastal shelter, wind resistant, responds well to trimming, produces lots of berries for birds Coastal shelter, very tough.						
		7 cm sq. tube		\$2.35	\$2.50	\$3.00
Myrsine australis	<i>mapou, matipo</i>	<i>mapou</i>				Northland native
Reddish stems and petioles, a handsome foliage plant, one of the best natives for hedging or shelter. Good for birds, hardy pioneer, extremely tough even in poor soils. 4 metres in 10 yrs, not as fast as a pitto but denser, tolerates pruning well, can be kept low.						
		1 litre pot				\$5.50
		PB 2 (1.2 litre)		\$7.00	\$7.50	\$8.00
Olearia albida	<i>tanguru</i>	<i>coastal tree daisy</i>				Northland native
Shrub up to 5m high, with leathery leaves greyish green above and white below Flowers borne in large panicles appear from Jan-May, very tough hedge particulary useful in dry places						
		9 cm sq.tube(1/2 ltr)			\$5.00	\$6.00
Olearia furfuracea	<i>Akepiro</i>	<i>tree daisy</i>				Northland native
low growing shrub up to 5 m max. with thick leathery dark green leaves flowers are yellow and sweet scented occuring from nov-feb suitable in very dry places and can tolerate shade under trees						
		9 cm sq.tube(1/2 ltr)			\$6.00	\$6.50
Olearia paniculata	<i>akiraho</i>	<i>akiraho</i>				
shrub to 6m pale yellow-green leaves with white tomentum on the undersides, suits hedging tolerant to exposed sites, drought hardy will not tolerate wet feet which will sometimes cause colape of the plant						
		1 litre pot		\$5.75	\$6.25	\$7.00
Phormium cookianum	<i>Wharariki</i>	<i>Mountain Flax</i>				Northland native
Hardy flax to 1m, fresh green foliage, seed pods pendulous and twisted. Landscaping, tolerates extremes, suitable for small gardens, steep clay banks. Excellent food for tuis, yellow flowers earlier than tenax. Plant at 800 to 900mm apart						
		5cm sq.tube		\$2.45	\$2.75	\$3.00
		7 cm sq. tube	\$2.52	\$2.65	\$3.00	\$3.50
		9 cm sq.tube(1/2 ltr)		\$4.45	\$4.75	\$5.00
Phormium tenax	<i>Harakeke</i>	<i>Flax</i>				Northland native
Olive-green clumps of leaves, common NZ plant, diverse landsaping uses, grows to 2m+. Extremely hardy to wet or dry, attracts tuis, good for weaving and medicine. This is the biggest most vigorous variety, grows nearly anywhere including pure sand.						
		5cm sq.tube		\$2.20	\$2.50	\$2.75
		7 cm sq. tube		\$2.50	\$2.75	\$3.00
Piper excelsum subsp.excelsum	<i>kawakawa</i>	<i>kawakawa - pepper tree</i>				Northland native
Small densely branched aromatic shrub, large heart shaped leaves and blackish stems Fruit, bark & leaves all have medicinal properties, the very best kereru fruit tree (Jan-March) Prefers semi shade or forest margin,, suits pots or tubs, an asset to any garden						
		5cm sq.tube		\$2.75	\$3.00	\$3.50
		7 cm sq. tube		\$3.25	\$3.50	\$4.00

Species	pot size		price ea. 500+	50+	5+	price ea.
Pittosporum crassifolium	<i>karo</i>	<i>karo</i>				Northland native
Coastal shrub with erect habit of growth and thick leathery leaves, to 4m Wind hardy, drought hardy, heavily scented purple flowers very good pitto for exposed coastal conditions, makes a good hedge						
		7 cm sq. tube		\$2.35	\$2.50	\$2.75
Pittosporum eugenoides	<i>tarata</i>	<i>lemonwood</i>				Northland native
Hardy and fast NZ pitto, yellow-green leaves, dense foliage Excellent hedging or shelter plant, lemon-like smell, small purple heavily scented flowers The most vigorous pitto, likes good drainage						
		50 cell tray		\$2.10	\$2.35	\$2.75
Pittosporum tenuifolium	<i>kohuhu</i>	<i>kohuhu</i>				Northland native
Small green leaves, rounded shrub, reliable specimen, grows into tree unless trimmed. NZ's most popular hedging & shelter tree, very hardy, flowers smell nice. Easy to grow, loves a hard prune						
		5cm sq.tube			\$1.75	\$2.00
Plagianthus regius subsp.regius	<i>manatu</i>	<i>ribbonwood</i>				Northland native
Very upright lowland and river flat tree, semi-deciduous, fast growing Delicately divided leaves, superb garden specimen, glorious dainty form & spring growth color Does best on a fertile lowland site, but hardy on poor clay too., good street tree.						
		TS 24f 292cc	\$3.09	\$3.25	\$3.50	\$4.00
		7cm sideslot		\$2.45	\$2.88	\$3.20
Podocarpus totara	<i>totara</i>	<i>totara</i>				Northland native
Spreading bushy attractive tree, orange berries attract birds. Lives to a great age, splendid exceedingly durable timber, used for carving, stock do not eat. Very good trimmed formal hedge, excellent shelter very tough in most conditions						
		7cm sideslot		\$2.10	\$2.25	\$2.50
Pomaderris kumeraho	<i>kumerahou</i>	<i>golden tainui</i>				Northland native
round shrub with golden yellow flowers excellent medicinal plant, aromatic leaves & flowers good on clay soils, water sparingly, sometimes short lived						
		7 cm sq. tube		\$3.75	\$4.00	\$4.75
		9 cm sq.tube(1/2 ltr)		\$5.75	\$6.25	\$6.75
Pseudopanax arboreus	<i>puahou</i>	<i>forest 5 finger</i>				Northland native
Small much-branched round-headed shrub with glossy palmate leaves Common NZ native, sweet scented flowers in June followed by plentiful berries which attract birds. Suits hard clay open sites no problem, grows under pine and gum competition.						
		PB 3 (1.8 litre)			\$6.00	\$6.50
		PB 5 (2.8 litre)			\$8.00	\$9.00
Pseudopanax crassifolium	<i>horoeka</i>	<i>lancewood</i>				Northland native
Gnarled trunked tree, interesting multi stage growth forms, creates dramatic architectural impact Prehistoric juvenile long leaves followed by stunning teen-aged toothed form and finally stubby adult foliage Wind hardy. Best in free draining location, berries are important bird food. 6m tall after 10 years						
		PB 2 (1.2 litre)		\$9.00	\$10.00	\$12.00
		PB 5 (2.8 litre)			\$10.00	\$12.50

Species	pot size	price ea. 500+	50+	5+	price ea.
Pseudopanax lessonii	<i>houpara</i>	<i>coastal 5 finger</i>			Northland native
Bushy shrub to 4m, shiny leathery leaves, always good looking Long recognised as a superior landscaping native, reliable shrub, drought hadry Hedge, shelter, coastal, very tough plant that will grow any where, drought hardy.					
	1 litre pot		\$5.75	\$6.75	\$7.50
Pseudopanax x lessonii	<i>houpara</i>	<i>five finger hybrid</i>			Northland native
a natural hybrid form of fivefinger and lancewood occurring where the two species meet tough coastal plant with amazing variety of leaf forms and colours, drought hardy requires good drainage, hardy to wind and salt spray and drought					
	5cm sq.tube		\$2.90	\$3.25	\$4.00
Pterophylla silvicola	<i>tawhero</i>	<i>towai</i>			Northland native
Northland shrub to 4 metres, white flowers, grows to tidy lollipop shape if grown in the open Superb ornamental flowerer and bee tree, superb hard timber comes from old trees Tough on clay soils, found on road edge, drought hardy.					
	7cm sideslot		\$2.90	\$3.33	\$3.70
	PB 3 (1.8 litre)		\$9.00	\$9.25	\$9.75
Ravaenea rivularis		<i>majestic palm</i>			
Very impressive good looking palm which develops nice barrel of a trunk fast growing in good spot likes a warm sunny fertile spot with good drainage					
	Easilift 80 litre				\$200.00
Rhododendron vireya Red Mount					
likes a warm frost free situation, will grow in shade under other trees					
likes a warm frost free situation, will grow in shade under other trees					
	15cm (1.5 l) round				\$7.50
Rhododendron vireya 'Tropical G					
Produces trusses of bright orange flowers with a yellow throat through spring					
	15cm (1.5 l) round			\$6.50	\$7.50
Rhopalostylis cheesemanii		<i>Kermadec Island Nikau</i>			
Rare palm from Kermadec Islands, feather-like fronds bright green and fairly upright. Similar to NZ nikau, but more open crown, wider leaves and faster growing if in warm sheltered location. Best in semishady, damp conditions, can handle full sun & some wind but dislikes frost or cold position.					
	PB 5 (2.8 litre)		\$15.00	\$16.00	\$17.50
	PB 12 (6.5 litre)		\$19.00	\$20.00	\$22.50
	Easilift 25 litre				\$67.50
	Easilift 60 litre				\$220.00
Rhopalostylis oceania		<i>nikau - Chatham Island</i>			
Very graceful looking palm, bluish glaucous hairs on leaf base, arching leaves quite broad for a nikau Hardy, can tolerate light frost, salt wind, full sun and exposure better than any other palm Fast growing, the hardiest native palm.					
	17 litre easylift bag			\$42.50	\$47.50
	Easilift 35 litre			\$100.00	\$125.00
	Easilift 80 litre				\$275.00

Species	pot size		price ea. 500+	50+	5+	price ea.
Rhopalostylis sapida	<i>nikau</i>	<i>feather duster palm</i>				Northland native
Bright green palm, ringed trunk with enormous bowl of leaf sheaths, Icon of lush forest vigorous local strains, very hardy once established, abundant flowers & bunches of red berries Very hardy, fertiliser and water makes them grow, quite rapid growing once trunk begins to form						
		1 litre pot		\$6.75	\$7.25	\$8.00
		PB 12 (6.5 litre)		\$22.00	\$24.00	\$25.00
		17 litre easylift bag				\$55.00
		Easilift 25 litre				\$65.00
		Easilift 35 litre		\$90.00	\$85.00	\$90.00
		Easilift 45 litre				\$95.00
		Easilift 60 litre				\$187.20
Sophora spp.	<i>Kowhai</i>	<i>Kowhai</i>				
		PB 3 (1.8 litre)		\$9.25	\$10.00	\$12.00
		PB 3 (1.8 litre)		\$12.50	\$13.75	\$15.00
		PB 12 (6.5 litre)		\$19.75	\$21.75	\$24.00
Streblus banksii						
		PB 3 (1.8 litre)		\$9.40	\$10.00	\$12.00
Vitex lucens	<i>Puriri</i>	<i>Puriri</i>				Northland native
Spreading deep green shade tree with pink-purple flowers. Fast growing large tree, red fruit in abundance are good for pigeons, durable timber species. Best in light shelter, likes fertiliser and water but tough, dislikes frost when young.						
		PB 3 (1.8 litre)		\$9.50	\$10.00	\$12.00
		PB 5 (2.8 litre)			\$11.25	\$12.50
		PB 12 (6.5 litre)			\$22.00	\$24.00
		15 cm rootpruner		\$10.00	\$11.25	\$12.50
